

CENTRE COUNTY MPO

METROPOLITAN PLANNING ORGANIZATION

SUMMARY REPORT OF THE FEBRUARY 25, 2025 MEETING ELECTION OF OFFICERS 2025

Coordinating Committee

- Chair: Eric Bernier, College Township
- Vice Chair: Mark Higgins, Centre County

Technical Committee

- Chair: Mark Lively, Upper Bald Eagle
- Vice Chair: Ron Seybert, Ferguson Township

2025-2028 CENTRE COUNTY TRANSPORTATION IMPROVEMENT PROGRAM (TIP)

The CCMPO adopted the 2025-2028 Centre County TIP in June 2024 and the TIP took effect on October 1, 2024. The committee was presented with two amendments to the TIP. The first amendment reallocated funding from the Centre Concrete Preservation project to the Poor Bridge/Betterment Line Item. The funding was allocated to address a location on Interstate 99. PennDOT has requested and received funding from the Interstate Management program to cover the costs at this location. The regional funds programmed will be returned to the line item and programmed to other projects as needed. The second amendment allocated additional safety funding to the Centre County Rumble Strip project. PennDOT has requested and received approval to use additional Highway Safety Improvements funds from the regional line item at four additional locations across the county that will be added to the project. The Coordinating Committee voted unanimously to approve these revisions to the 2025-2028 TIP.

NATIONAL MULTIMODAL FREIGHT NETWORK

The National Multimodal Freight Network was created to assist States in strategically directing resources toward improved system performance for the efficient movement of freight on the Network. The network will consist of approximately 175,000 miles of highways, railways, waterways, and marine ports and airports identified by their criticality to freight movement. The Coordinating Committee was asked to submit comments with proposed modifications to the draft network. To view the comments submitted, [CLICK HERE](#).
