

Bulk Waste Collection Guidelines

The scheduled collection of large bulk waste items is included in the residential curbside collection costs for all residences with curbside collection in the townships. This includes the following:

- ⇒ **TWO (2) collections per year with an annual limit of FOUR (4) large bulk waste items (smaller items should go in the weekly refuse cart)**
- ⇒ **TWO (2) collections per year with an annual limit of FOUR (4) "bulk recyclable" items (see list)**

Bulk Waste Items

Furniture (larger items may need to be taken apart)
Rugs or carpeting, rolled & tied into 4 foot lengths
Fixtures (toilets, sinks, vanities, etc.)
Bundles of wood in 4 ft lengths (no brush or branches)
Grills (no propane tanks)
Yard and lawn equipment (see exclusions below)
Non-recyclable electronics (stereos, etc.)

Bulk Recyclable Items

Large Appliances
Water heaters, water conditioners, and dehumidifiers, emptied
Computers, printers, scanners, monitors
Televisions
Car tires off the rims (4 tires = 1 item)
Large scrap metal pieces (call for details)

Excluded Items and Materials

Pianos and organs
Cast Iron items & Propane Tanks
Hot tubs and furnaces
Trampolines or basketball hoops, unless taken apart
Boats and canoes
Rocks, concrete, soil, sand
Materials from large home-renovation or construction projects
Contractor-generated materials
Loose piles
Riding mowers and other vehicles
Batteries for vehicles and yard equipment
Tires larger than 20" diameter

How to Schedule Bulk Collections

The collection of bulk waste items and bulk recyclables will be "on-demand." Residents can call or email a request for collection and will receive a reply that provides the exact date of the collection.

All items for collection must be at the curb by the start of collection on the scheduled day.

Items in excess of the annual limit can also be scheduled for collection for a fee. Replies to requests will provide that fee if applicable.

Call or email:

CCRRRA (Centre County Recycling and Refuse Authority)

Tips for Bulk Waste

1. Schedule your bulk waste and bulk recyclables collections. Please be prepared to specify exactly what is to be collected. You will be informed of the date of collection (it will not be your next regular refuse day).
2. **Large items left at the curb without being scheduled for a bulk waste or bulk recycling collection will not be collected.** Smaller items that fit in your cart can be placed in the cart for collection. Lumber in the cart must be no longer than 2 feet.
3. Do not place items at the curb until the day before the day of your bulk collection. All bulk collections are at the curb including at residences with "door service" for weekly refuse collection. Materials for collection must be at the curb by 7 A.M. (6 A.M. from Memorial to Labor Days).
4. Bulk waste and bulk recyclable collection limits refer to individual items. Multi-piece sets will be considered more than one item; call for clarification.
5. Residents can self-haul material to the Centre County Recycling and Refuse Authority's Transfer Station for a fee. This is how to dispose of materials from home construction projects (things like decking, sheds, kitchen cabinets, etc.).
6. Residents can drop off scrap metal, metal appliances, and covered device electronics (televisions, computers, and printers) at the Centre County Recycling and Refuse Authority's Transfer Station for free.
7. Please consider donating any items that are still in working condition or that others might find fixable or useful.
