SUMMARY REPORT OF THE SEPTEMBER 17, 2025 MEETING

2025 CENTRE COUNTY TIP REVISION

The CCMPO adopted the 2025-2028 Centre County TIP in June 2024 and the TIP took effect on October 1, 2024. The Committee was presented with one revision to the TIP. The TIP included a line item with \$454,000 in funding from the Highway Safety Improvement Program for Federal Fiscal Year 2025. PennDOT personnel proposed allocating all \$454,000 to a project to install high friction surface treatments (HFST) at locations on US 322 in Harris Township, SR 350 in Rush Township, and SR 445 in Penn Township. The motion carried 14-0 on the proposed TIP revision. The CCMPO formally approved a revision to the TIP to program the new project using Federal funds.

PUBLIC COMMENT PERIOD SUMMARY FOR: LONG RANGE TRANSPORTATION PLAN 2055 & AIR QUALITY CONFORMITY DETERMINATION REPORT

The Committee received a brief update on the draft LRTP 2055 and air quality conformity analysis. A review of the comments received during the Open House and public comment periods were summarized and presented. The Coordinating Committee voted 14-0 to approve responses to comments received on the draft LRTP 2055 and 2025 Centre County Air Quality Conformity Determination Report.

2024 CENTRE COUNTY AIR QUALITY CONFORMITY DETERMINATION REPORT

The CCMPO was presented with both the Air Quality Conformity Determination Report and the Air Quality Resolution for approval. An Air Quality Conformity Determination Report that meets EPA's guidance was completed in May 2025 for the 2055 Long Range Transportation Plan (LRTP). The preparation and approval of the Conformity Determination Report ensures that the 2055 LRTP meet federal transportation conformity requirements and are consistent with Pennsylvania's State Implementation Plan (SIP). Both motions to recommend adoption of the Air Quality Conformity Determination Report and to approve the Air Quality Resolution passed 14-0.

LONG RANGE TRANSPORTATION PLAN UPDATE & ADOPTION

The final draft 2055 LRTP was provided as part of the final steps to adoption for the LRTP development process. The LRTP is one of the primary products of the CCMPO. It identifies transportation goals, presents trends and forecasts, and provides a list of projects to be constructed over the 20-year planning horizon included in the plan. The motion carried 14-0 to adopt the LRTP 2055.

CCMPO STRATEGIC PLAN & NOVEMBER 2025 JOINT MEETING

In June 2023, the CCMPO Strategic Plan was adopted. A corresponding implementation plan was developed during the summer of 2023 and presented in September 2023 as CCMPO Bylaw amendments. Since then, staff have carried out several action items from the Strategic Plan and some remain. An overview of the actions from the adopted Strategic Plan were presented and discussed. One action item included holding a joint meeting with the Coordinating, Technical, and Projects Committees. This had not yet been pursued but staff asked the Coordinating Committee to consider a recommendation to hold a joint meeting in November. The motion carried 14-0 on holding a joint meeting, which will occur during the Coordinating Committee's normal meeting time on November 25, 2025, at 6:00 p.m.

Upcoming Meetings:

Projects Committee
November 25, 2025
6:00 p.m.

Technical Committee
November 25, 2025
6:00 p.m.

Coordinating Committee
November 25, 2025
6:00 p.m.
